# February 2010

## Description of Events:

- Homework Groups: Students have time to work on their homework, have an after-noon group meeting, eat snack, and enjoy recess.
- Read 180: Students will be getting some extra reading practice through the Read 180 computer program!
- isucceed: Students will be getting some extra math practice using the isucceed math computer program.
- Academic Enrichment: Students will be focusing on improving their reading and math skills through fun, creative activities!
- Fine Art Club: Mr. Kennie will be teaching students how to make some creative fine arts projects.
- Computer Club: Typing, surfing math websites, and checking out the University of Southern Maine website to learn about campus life will be a part of Mrs. Demers's club.
- Writing/Poetry Club: Ms. Brown and Ms. Perry have great projects planned for their writing club—students will have the opportunity to be creative writers and let their imaginations run wild!
- Book Club: This club will not only read, discuss, and complete fun book activities, but they'll also connect with another book club from Mississippi!
- Knitting Club: Ever wanted to learn how to knit? This is a great way to learn how. Mrs. Harris has many years of experience teaching students knitting.
- Snacktivity: Brenda, from the University of Maine Cooperative Extension, will lead a group of students in making healthy snacks, participating in physical activities, and learning about the food pyramid.
- Trout Kids: Students will be watching trout grow from eyed eggs to fry, studying their lifecycle, habitat, anatomy, and the environment through various engaging activities!

All Activities are subject to change, last updated January 26, 2010
